## POWX510 GENERATOR 2200W

Our POWX510 is a very powerful generator with a 2000W continue power which is more than enough for most applications. It's indispensable for electrical supply on vacation, when power cut occurs, or when an off-grid power source is needed for your power tools. Because of the large 15L fuel tank with handy fuel level indicator the generator will run for about 11 hours without a refill. Also firm wheels and carrying handle will help you getting your tool at the required place without any effort. The latest technology used, producing these generators result in less CO2 emission and less noise.

Long time continuous operation, eco friendly and very sturdy are the main qualities of our new line of generators.

TECHNICAL SPECIFICATIONS <b>POWX510</b>		Features	Box content	Symbols
Voltage	230V~ 50Hz	<ul style="list-style-type: none"> <li>• 2x AC socket 230V~ 50Hz</li> <li>• Choke lever</li> <li>• Air filter</li> <li>• DC circuit breaker</li> <li>• 1x transport handle</li> </ul>	1x generator	 
Max. output	2200W		1x spark plug wrench	
Fuel tank capacity	15L (unleaded EURO 95/98)		2x wheels (Ø200mm)	
Lubricating oil capacity	0.6L		1x funnel	
Rated continuous operation	11 hours		1x tube	
Displacement	196cc		1x manual
