POWXG90430

HIGH PRESSURE CLEANER 3100W

The POWXG90430 pressure washer guarantees peak performances. With its extra powerful 3100W motor and flow rate of 660 litres of water per hour at a maximum pressure of 190 bar, it meets even the highest expectations. The 10m long water hose and 5m long cable ensure an extended range of motion. The solid tool has an aluminium housing and is equipped with a sturdy frame with two wheels, making it an easy-to-transport tool despite its weight.

Thanks to its high-power, this pressure washer is ideally suited for removing stubborn dirt from trailers or garage and stable floors. The detergent suction enables the direct use of detergents for even cleaner results. Because of the automatic start-stop system, the motor only runs when needed. Therefore, the POWXG90430 is not only a powerful, but also an efficient pressure washer.

A spray gun with safety lock, adjustable spray nozzle, patio cleaner kit, turbo lance and brush kit are included.

TECHNICAL SPECIFICATIONS POWXG90430		Features	Box content	Symbols
Rated power	3100W	<ul style="list-style-type: none"> • Induction motor • Auto start/stop system • 4 nozzles & soap nozzle • Metal spray gun • Turbo lance • Patio cleaner • 10m high pressure hose • 5m electric cable 	1x high pressure cleaner
