POWX07583

MITRE SAW WITH TOP TABLE 2000W

The POWX07583 is a convenient 2 in 1 mitre and table saw. This Powerplus device is equipped with a 2000W motor that provides a rotation speed of up to 4800min⁻¹. The saw consists of two levels: the bottom one with a swivelable saw table, which is ideal for mitre and cross cuts, while the upper level is suited best for sawing larger boards and slats. A parallel guide ensures the necessary precision on both levels.

The power tool is equipped with a Ø254mm saw blade with 36 teeth. The dual bevel blade tilts 45° to the left and right and can be calibrated precisely thanks to the scale. Such a scale can also be found for the swivelable table. The mitre saw has a cutting capacity of 75x125mm for regular cuts and 50x125mm for 45° diagonal mitre cuts. On the upper level, the saw blade offers a capacity of up to 50mm.

A precision laser indicates the cutting line precisely and the dust collector bag catches excessive saw dust. The Powerplus tool is safe to use thanks to the clamp, the saw blade's safety cover and the included push stick.

TECHNICAL SPECIFICATIONS POWX07583		Features	Box content	Symbols
Rated voltage-frequency	230-240V~ 50Hz	<ul style="list-style-type: none"> • Magnetic on/off switch • LED worklight • High precision laser • Heavy duty base • 2-in-1: mitre and table saw 	1x mitre saw with top table
