JIGSAW 20V - POWDP25300

This battery-powered jigsaw from Dual Power offers the flexibility and freedom of movement to finish every sawing job successfully. The 20V tool features a 45° tiltable shoe that enables simple bevel cuts. The tool is easy to handle. With the included parallel guide, sawing straight lines is possible just as well as cutting more intricate shapes.

The Dual Power jigsaw has a cutting capacity of 90mm for regular cuts and 40mm for 45° bevel cuts. Thanks to its 4 pendular positions, the saw can cut even through hardwood at a fast pace. A clear view of the cutting line and workpiece is guaranteed thanks to the work light and vacuum cleaner connector.

DISCOVER THE ENTIRE PRODUCT RANGE AT
WWW.DUAL-POWER.COM

Separate battery and charger

The battery and charger are not included. They are sold separately and are compatible with the whole Dual Power range.

Which Dual Power batter is compatible?

This 20V jigsaw is compatible with both the 20V and 40V Dual Power batteries. The use of a 40V battery ensures an even longer battery run time, compared to the use of a 20V version.
