ANGLE POLISHER 20V - POWDP4070

This 20V angle polisher from Dual Power is ideally suited for polishing cars, motorcycles and various other varnished surfaces. The cordless tool is equipped with a powerful brushless motor, that ensures more power and increases the battery's autonomy, while only needing little maintenance.

The power tool features six electronic speed settings and a rotation speed between 500 and 3000 rotations per minute. Therefore, the Dual Power tool can be adjusted to every surface and chosen accessory.

The angle polisher comes with a Ø180mm polishing disc with a hook-and-loop system. This makes switching between accessories a quick and easy task. A variety of polishing sponges and wool ensure a perfectly polished result. The cordless tool can also be used for light sanding tasks.

DISCOVER THE ENTIRE PRODUCT RANGE AT
WWW.DUAL-POWER.COM

Separate battery and charger

The battery and charger are not included. They are sold separately and are compatible with the whole Dual Power range.

Which Dual Power batter is compatible?

This 20V angle grinder is compatible with both the 20V and 40V Dual Power batteries. The use of a 40V battery ensures an even longer battery run time, compared to the use of a 20V version.
