ASH CLEANER 20V - POWDP6020

A cosy open fire or a relaxed barbecue with friends have one thing in common: the POWDP6020 to help remove the ashes afterwards.

This cordless ash cleaner with high-efficiency filter is ideally suited for removing cooled ashes or charcoal remains, as well as sawdust. The POWDP6020 features a 20L tank and a 2m hose with an aluminium suction nozzle.

Separate battery and charger

The battery and charger are not included. They are sold separately and are compatible with the whole Dual Power range.

Which Dual Power battery to use?

This 20V wet/dry vacuum cleaner is compatible with both the 20V and 2x20V Dual Power batteries. The use of a 2x20V battery provides an even longer battery run time, compared to the use of a 20V version.
