VACUUM CLEANER WET/DRY 20V - POWDP6050

Vacuum without having to plug in once? This wet/dry vacuum cleaner of Dual Power lets you clean the whole house without you needing to stop to find the next socket. Therefore it is the perfect tool for indoor and outdoor use. The device is able to vacuum or blow. With the blow function you can remove fallen leaves from your terrace. Thanks to the high efficiency filter even the smallest dust particles get caught, whereas the water outlet releases the absorbed water, so you don't get dirty hands.

With its 30l stainless steel tank and a brushless motor, the POWDP6050 provides you with a durable and solid vacuum cleaner. Its wheeled base and 3m flexible hose ensure you of a convenient use. With the stainless steel 770mm telescopic tube you can finally get to clean all hard-to-reach places. The vacuum cleaner has a high trolley handle and different cleaning tools are provided, such as a floor brush, a 2-in-1 brush and a plastic tube for extra work comfort.

DISCOVER THE ENTIRE PRODUCT RANGE AT
WWW.DUAL-POWER.COM

Separate battery and charger

The battery and charger are not included. They are sold separately and are compatible with the whole Dual Power range.

Which Dual Power battery to use?

This 20V wet/dry vacuum cleaner is compatible with both the 20V and 2x20V Dual Power batteries. The use of a 2x20V battery provides an even longer battery run time, compared to the use of a 20V version.
