### 20V GRASS TRIMMER

This compact and cordless grass trimmer from Powerplus is easy manoeuvrable and allows you to freely move around. With a cutting width of 250mm it is the perfect garden tool to maintain small gardens. Thanks to the adjustable trimming angle you are also able to trim lawn edges most efficiently. You can cut accurately around driveways and trees. The edge roller is your perfect guide. Moreover the flower protection will avoid damaging the delicate plants and flowers in your garden. Extend the telescopic shaft from 60mm up to 410mm and adjust the second handle for a perfect trimming position. The 6m double thread lengthens automatically and you hold the device comfortably with the soft grip.

Combine with a 20V or 2x20V battery of our Dual Power battery platform. You buy the battery and charger separately and they are compatible with the whole Dual Power range.

### 20V LI-ION BATTERY

You can use the 20V battery for this grass trimmer and all other 20V items in the DUAL POWER range. The 20V Li-ion battery has a battery capacity of 2000mAh. 3 LED indicators allow you to check its capacity level.

### CHARGER

The charger is designed for the 20V and 2x20V DUAL POWER battery. Charging the 20V battery takes only one hour. Charging the 2x20V battery takes 2,5 hours. Once the battery is charged, a red indication light will turn green. The charger is equipped with a 1,8m long cable.
