POWDPG80620 HIGH PRESSURE CLEANER 20V

This cordless pressure washer from Dual Power is ideal for use on the road. The 20V pressure washer is equipped with a 6m long hose, which can draw water from remote sources, such as a lake, well or pond. Therefore, this is Dual Power tool is perfectly suited for cleaning road or mountain bikes after a muddy ride. It can also come in handy on holiday to give the car a quick rinse. The portable pressure washer can be attached to a regular tap as well, by using a standard garden hose.

The Dual Power pressure washer features a powerful brushless motor. It is more durable, extends the battery's autonomy and requires less maintenance. The washer has a flow rate of 170 litres per hour with a maximum water pressure of 25 bar. Switching between low and high pressure is easy.

The 5-in-1 pressure nozzle features 5 different spraying patterns, ranging from a regular water jet to a powerful precision jet. Extra clean results can be achieved thanks to the detergent tank. It can be attached easily and provides perfectly clean results.

Separate battery and charger

The battery and charger are not included. They are sold separately and are compatible with the whole Dual Power range.

Which Dual Power battery is compatible?

This 20V pressure washer is compatible with both the 20V and 40V Dual Power batteries. The use of a 40V battery provides an even longer battery run time, compared to the use of a 20V version.
