This 18V rotating sander is equipped with a 125mm sanding pad and is fitted with a hook and loop system. This allows a simple and quick change of sandpaper. The versatile sander has an oscillation speed up to 20000min<sup>-1</sup>.

The POWEB4010 also has a dust-collect function. The advantages of the dust extraction are: a longer service life of the sandpaper, a better visibility on the sanding surface and a cleaner working environment. The sander with soft grip comes with a G120 sandpaper.

Combine with the 'One Fits All' 18V Li-ion battery. Battery and charger not included.
