**AIR PRESSURE PUMP - POWEB5010**

This 18V cordless air pressure pump will save you a lot of time and trouble. You can use it to inflate sports balls, beach balls, car tyres, air mattresses, air swimming pools, etc. There is a pressure gauge so you can pump to the right pressure.

The air pressure pump comes with a flexible hose and four of the most used adaptors: a ball adaptor, a tyre valve adaptor, a car tyre valve adaptor and an airbed adaptor. The base of the pressure pump can hold and store the unused adaptors, always within reach.
