ANGLE GRINDER - POWESET2

This set consists of a handy aluminium case, a 900W angle grinder and 5 blades and accessories, so you can get started immediately. The compact grinder is very agile thanks to its small Ø125mm blade. With its rotation speed of 12 000min⁻¹ you have enough power at your disposal to grind, sand, deburr or de-rust metal and stone.

It fits your hand comfortably and features an auxiliary handle for even more control and grip while working. It can be mounted on both side to accommodate left- and right-handed persons. The grinding disc can be changed in the blink of an eye thanks to the spindle lock and quick-change system.

TECHNICAL SPECIFICATIONS POWESET2		Features	Box content	Symbols
