POWESET3 JIGSAW 710W

This set contains a 710W jigsaw and 20 blades for wood, metal and ceramics. Supplied in a strong metal case with a convenient carry handle.

The jigsaw with 4 pendulum positions guarantees an accurate sawing performance. The pendulum action lets you saw faster and in harder materials. The adjustable base allows the blade to tilt up to 45°, so you can also make precise angled cuts. The maximum cutting depth of this 710W jigsaw is 8mm in steel and 65mm in wood, with a rotation speed of 0-2800min⁻¹. You control the speed needed for the task with the variable speed dial.

The dust extraction adaptor permits a connection to a vacuum cleaner for a clear view of the cutting line and a clean, dust free working environment. The blades can be inverted easily thanks to the quick blade change system.

TECHNICAL SPECIFICATIONS POWESET3		Features	Box content	Symbols
Rated voltage - frequency	230-240V~ 50Hz	<ul style="list-style-type: none"> • 4 pendulum positions • led worklight • lock-on button • quick blade change • dust adaptor • adjustable base (45°) • power-ON LED • soft grip 	1x metal case	  
Rated power	710W		1x jigsaw	
Rotation speed	0-2800min ⁻¹		20x blade	
Capacity	Steel 8mm / Wood 65mm		1x dust adaptor	
Connection type	T-shaped		1x hex key	
Cable length	2m		1x side guide
