ANGLE GRINDER 20V LI-ION - 125mm (NO BATTERY)

With this cordless 20V angle grinder from Pro Power you can finally deal with hard-to-reach places. With its compact grinding disc of Ø125 mm, the device is highly manoeuvrable and suitable for making small slits in the wall as well as for cutting and deburring metal and stone. You can be sure you will enjoy using the tool for a long time. After all, it is equipped with a brushless motor: powerful and durable with a lower vibration, less maintenance and a longer lifetime.

The auxiliary handle with soft grip can be fixed in two different positions. This provides a superb control of the angle grinder. Thanks to the spindle lock, you replace the grinding disc very easy and quickly, without tools. For optimal user comfort, there is a lock-on switch for continuous use.

Separate battery and charger

Battery and charger are not included. You buy them separately and they are compatible with the whole PRO POWER battery platform.

With which PRO POWER battery is it compatible?

Combine this 20V angle grinder with the 20V PRO POWER battery. This 20V battery exists in different variants. We offer you a battery with a capacity of 2.0Ah and one with 4.0Ah for an even longer running time.

POWERPLUS

Pro Power is especially designed to meet the demands of a professional. The superior quality tools deliver a high performance and can handle the most challenging tasks. With Pro Power you can be sure of extremely durable and reliable tools.
