USB CHARGING PORT

INSPECTION LIGHT 20V LI-ION (NO BATTERY)

This cordless Pro Power LED lamp with powerful 20V battery is ideal for use on the move. So you are always able to work in a well-lit workplace, even when there's no socket nearby. The POWPB80500 has 2 light intensities that can easily be changed by pressing the button. The energy saving LEDs of max. 2000 lumen shine no less than 30,000 hours and you can even charge your mobile phone via the USB connection.

Separate battery and charger

Battery and charger are not included. You buy them separately and they are compatible with the whole PRO POWER battery platform.

With which PRO POWER battery is it compatible?

Combine this 20V LED lamp with the 20V PRO POWER battery. This 20V battery exists in different variants. We offer you a battery with a capacity of 2.0Ah and one with 4.0Ah for an even longer running time.

POWERPLUS

Pro Power is especially designed to meet the demands of a professional. The superior quality tools deliver a high performance and can handle the most challenging tasks. With Pro Power you can be sure of extremely durable and reliable tools.
