AVAILABLE JANUARY 2019

HEDGE TRIMMER 22.2cc

Equipped with a 22,2 cc engine, the Pro Power gasoline hedge trimmer has the right power to trim your hedges and bushes smoothly and with care. It has a blade length of 610mm and the laser cut blade with double action trims branches with a diameter smaller than 27.5mm very accurately.

The rotatable handle lets you cut hedges and shrubs with great ease and accuracy. No need to adopt an uncomfortable trimming position. You don't have to worry about extension cords neither. The gasoline engine with 440ml tank gives you total freedom of movement.

The protective cover and the anti-vibration system make the POWPG30110 moreover a safe device, which gets you going quickly thanks to the easy start system. After your activities the quick stop brings the knives to a halt too.

POWERPLUS

PRO POWER

Pro Power is especially designed to meet the demands of a professional. The superior quality tools deliver a high performance and can handle the most challenging tasks. With Pro Power you can be sure of extremely durable and reliable tools.
