## HEDGE TRIMMER 600W

With this 600W electric Pro Power hedge trimmer you get the power and durability for trimming hedges and shrubs smoothly and with care. It has a cutting length of 550mm and the laser cut blade with double action trims branches up to 20mm in diameter with great accuracy.

The POWPG30230 is also a supple tool, as the handle with soft grip is rotatable in 3 positions that make your trimming job comfortable. No need to force you in impossible poses to reach your goal.

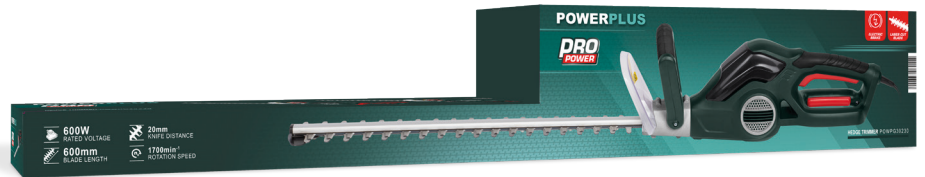

There's no lack of safety while working with this device: the electric brake stops the blade quickly in time of danger and after your activities the quick stop brings the knives to a halt too. The Pro Power hedge trimmer is equipped with a safety guard to protect your hands and with a protective cover, so you can safely store away the hedge trimmer.

# POWERPLUS

# PRO POWER

Pro Power is especially designed to meet the demands of a professional. The superior quality tools deliver a high performance and can handle the most challenging tasks. With Pro Power you can be sure of extremely durable and reliable tools.
