POWX00435

DRILL/SCREWDRIVER 20V LI-ION

This cordless 20V Powerplus drill/screwdriver helps you finally finish all that drilling and screwing tasks at home. It drills and screws in wood: you'll have thus at once a 2 function (drilling and screwing) tool at your disposal.

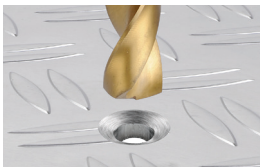

The auto locking chuck (10mm diameter) makes it very quick and easy to change bits and drills. Working in poorly lit spaces goes very smoothly too: the LED worklight gives you a clear overview. With the practical left/right you can choose between fastening and loosening. You hold the Powerplus screwdriver very comfortably thanks to the soft grip. Finally, the quick stop also takes care of your safety and comfort, as it immediately stops the chuck from turning.

With the POWX00435 you enjoy total freedom of movement while drilling. On the one side you can choose between two different speeds settings and 19 torque positions (18+1 drill function). On the other side you can keep on working twice as long thanks to the charger and 2 batteries that are included. The status indicator shows you the charge status of the battery. All this material doesn't need to stay lying around: you nicely put everything in the BMC.

TECHNICAL SPECIFICATIONS POWX00435		Features	Box content	Symbols
Rated voltage	20V---	<ul style="list-style-type: none"> • 2 speed • 10mm Sanou keyless chuck • Left/right • Soft grip • 1h quick charger • Quick stop • LED battery capacity indicator • Worklight 	1x drill/screwdriver
