DRILL/SCREWDRIVER 20V LI-ION

This 20V cordless drill/screwdriver is ideal for light screw and drill jobs in and outdoor. It comes with 2 Li-ion batteries (1500mAh) featuring a led battery capacity indicator.

The lot is packed in a handy case, together with a range of 74 drilling/screwing accessories to help you get the job done. The 18+1 position clutch prevents stripping and overdriving screws. Bits and drills (max. 10mm) can easily be mounted with the keyless Sanou chuck.

Thanks to the integrated led work light, your workplace is always well lit. Your screw job is executed comfortably thanks to the left/right switch and the soft grip. Choose between 2 speed selections: 0-400min⁻¹ (screwing, difficult work with high driving torque, max. 35Nm) or 0-1400min⁻¹ (drilling at high speed). The screwdriver is equipped with a quick stop.
