POWX0331

# JIGSAW 650W

You can saw accurately tight curves and wavy lines using this Powerplus jigsaw POWX0331 with 4 pendulum positions and adjustable base. Its side guide system guarantees straight cuts. You hold the device comfortably thanks to the soft grip. The maximum cutting depth in steel equals 8mm and in wood and plastic 65mm.

The 3m long cable gives you the freedom you need to work in hard to reach places and thanks to the quick blade change system you don't lose time inverting the blades. Nor do you lose time by pushing buttons, because the lock-on button keeps you working without any interruption. 2 blades for wood and one for metal are included. You can use saw blades with T- as well as U-shaped connection for this jigsaw. Connecting a vacuum cleaner to the jigsaw is very easy and keeps you from worrying about a dirty working environment and dust in the air.

TECHNICAL SPECIFICATIONS POWX0331		Features	Box content	Symbols
Rated voltage - frequency	230-240V~ 50Hz	<ul style="list-style-type: none"> <li>• T + U connection</li> <li>• Quick blade change</li> <li>• Pendulum action - 4 positions</li> <li>• Dust blowing function (with on/off switch)</li> <li>• Adjustable aluminium base 45° left/right</li> <li>• Variable speed</li> <li>• Dust extractor socket</li> <li>• Soft touch</li> </ul>	1x jigsaw
