POWX075200

SUPPORT STAND 150kg

This stand from Powerplus is suitable for all Powerplus cross-cut and mitre saws. The stand has a height of 100cm and has a support for long workpieces on both sides. This allows you to easily cut longer boards to size.

The workpiece supports are adjustable in height and width, so that they can be perfectly adapted to the height of the table saw and the workpiece. The supports are also equipped with rollers. This allows you to easily place long wooden boards in the correct position.

Thanks to the adjustable leg, the stand can be easily set up level. After use, the stand can be quickly and compactly folded away and is, therefore, easy to store. This robust stand is suitable for a total load of up to 150kg.

TECHNICAL SPECIFICATIONS POWX075200		Features	Box content	Symbols
Max. load	150kg	<ul style="list-style-type: none"> • Foldable • Adjustable leveling foot • Anti-slip feet • Adjustable in height and width 	1x support stand
