# TELESCOPIC MITRE SAW 2100W

This 2100W telescopic mitre saw from Powerplus has a solid aluminium base and is ideally suited to make straight and mitre cuts in wood. The device has a saw blade of Ø254mm, with which you can saw hard and soft wood as well as chip- and fibreboards.

The POWX075730S has thanks to its telescopic function a large sawing capacity of max. 75x305mm for straight cuts and 38x305mm for mitre cuts. The horizontal and vertical scale allows you to precisely set the sawing angle. The high precision laser clearly indicates the cutting line, whereas the two side guides and the adjustable clamp easily hold your workpiece in place. This way you get a very precise cutting result every time.

The spindle lock automatically keeps the spindle from moving when you are switching the sawing blade. For safety reasons, the saw is equipped with a transparent safety cover and the unlock button prevents the machine from operating involuntarily. Finally, working orderly and without sawdust is guaranteed with the built in dust extraction, that catches the sawdust in the dust bag.

TECHNICAL SPECIFICATIONS POWX075730S		Features	Box content	Symbols
Rated voltage - frequency	220-240V~ 50Hz	<ul style="list-style-type: none"> <li>• Telescopic</li> <li>• High precision laser</li> <li>• Safety guard</li> <li>• Dust outlet</li> <li>• Soft grip</li> <li>• Aluminium base</li> </ul>	1x telescopic mitre saw	 
Rated power	2100W		1x dust bag	
Rotation speed	5000min <sup>-1</sup>		1x clamp / 1x wrench
