POWX075740DB TELESCOPIC MITRE SAW 2200W

Do you want to crosscut baseboards and other mouldings yourself? Then this telescopic Powerplus mitre saw is your go-to powertool. You can tilt it 45° to the left and right and therefore you can crosscut precisely without having to rearrange your workpiece every time.

The telescopic side extensions enable you to work with long boards. The Ø 254mm saw blade also enables you to saw pieces with a respectable width. The powerful crosscut saw offers you 2200W of pure power and up to 5000 rotations per minute, as well as a saw capacity of 90x310mm. Rivet your workpiece in the clamp and let it follow the built-in laser. This way it can't move while you are sawing and you achieve a fast and precise result.

The safety cap protects your hands while you are working and the unlock button prevents the powertool from operating unintentionally. The Powerplus mitre saw comes with a saw blade, dust bag, wrench, clamp and two extension pieces.

TECHNICAL SPECIFICATIONS POWX075740DB		Features	Box content	Symbols
Rated voltage - frequency	220-240V~ 50Hz	<ul style="list-style-type: none"> • Dual bevel • Telescopic • High precision laser • Safety guard • Dust outlet • Soft grip • Aluminium base 	1x dual bevel telescopic mitre saw
