DUAL BEVEL

POWX075751DB DUAL BEVEL TELESCOPIC MITRE SAW 2000W | 305mm

Whether bevelled or perfectly straight, use this powerful telescopic mitre saw from Powerplus to effortlessly cut planks and skirting boards to size. You can move the mitre saw both to the left and to the right in an angle from 90° to 45°. This allows for clean and precise cuts without having to move your workpiece.

With its extremely high sawing capacity of 105x330mm and a saw blade of no less than 305mm diameter, you can cut through the widest and longest pieces. See your work advance at a quick pace with 2000W of power and at a rotation speed of 3800min⁻¹.

Let your saw blade follow the built-in laser and make sure your workpiece stays fixed in place with the clamp. This allows you to work extremely accurately and stable, as well as comfortably thanks to the soft grip handle.

A safety guard protects your hands while working and the lock-on button makes sure the device is never activated suddenly.

This Powerplus mitre saw features two 2.8 mm thick saw blades, a dust bag and adaptor to attach a vacuum cleaner, a wrench, clamp and 2 extension bars.

TECHNICAL SPECIFICATIONS POWX075751DB		Features	Box content	Symbols
Rated voltage - frequency	220-240V~ 50Hz	<ul style="list-style-type: none"> • Dual bevel • Belt driven • Telescopic • High precision laser • Safety guard • Dust outlet • Aluminium base • Soft grip 	1x dual bevel telescopic mitre saw
