CONCRETE / PAINT MIXER 1600W - POWX089

This concrete and paint mixer has a double counter rotating paddle of Ø140mm. This double rotation ensures an intensive mixing with a reduced effort. It allows you to work 50% faster and with 70% less vibration. The POWX089 is also a lightweight so you will have no issues holding it upright for a long period of time.

This unique concrete and paint mixer has a powerful 1600W electric motor with speed controller, so you can select the speed for different viscosity materials and avoid splashing. The POWX089 is delivered in a carrying bag together with a double paddle, an M18 to M14 adapter and two spanners.
