## POWX1175 HAMMER DRILL 1600W

You can use this electric hammer drill in 4 different modes: drilling / hammer drilling / chiseling and chisel rotation. Switching from one mode to another is easy with the mode selector with safety lock. The double vibration reduction system ensures a low vibration level for this powerful drill, that is capable of producing 3900 impacts per minute. It provides you with the needed comfort to work in concrete, steel and wood.

The hammer drill is equipped with a removable auxiliary handle and a depth stop that comes in very handy for pre-set hole drilling. It is delivered with an 13mm chuck with SDS PLUS connector, a pointed and flat chisel, three drills and a dust cap.
