POWX1310 BISCUIT JOINTER 900W

Make strong wood joints with this electric biscuit jointer. It has a sharp Ø100mm blade with a cutting rate of 10800min⁻¹. Depending on the size of biscuit you wish to use (0, 10 or 20), you can simply adjust the depth of the groove you want to make. You can choose from 4 different grooving depths. On top of that, you can also choose the angle of the groove to easily join mitered pieces.

You can join pieces of wood, fiberboard, plexiglas and artificial marbre. In accordance with the thickness of the material, you can set the height scale of the POWX1310 from 0-30mm.
