## POWX1331LI

Experience the flexibility and freedom of this 18V multi-use tool. The POWX1331LI with two Li-ion batteries of 1300mAh is convenient for working anywhere, on a variety of small DIY jobs. Charging the batteries only takes one hour, so one battery can be charged while working with the other battery. No need to stop.

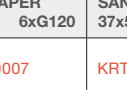

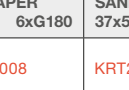

It has a variable speed that can be set at 6 different positions from 5000 to 19000min<sup>-1</sup>. The convenient LED light is there for working in hard to see areas.

The multi-use tool comes in a box with no less than 35 accessories, such as sanding papers, plunge cut blades, a scraping blade and a blade for cement joints. Thanks to the quick release system, they all are attached easily and the right accessory is quickly selected for the job.
