# POWX1350 MULTI-FUNCTION SHARPENER 96W

The 96W multi-function sharpener POWX1350 accurately grinds correct tip angles and restores sharp-as-new cutting edges of all drill bits (Ø4-13mm), knives, scissors, chisels, planers (6-51mm) and other plain edge cutting devices. The POWX1350 ensures a fine, razor sharp finish on a large range of implements. 3 separate modules are included to master all these sharpening applications. The grinding jig has all the angles for correct tip geometry built in.

The multifunction sharpener is compact and easy and safe to operate. It accurately positions each type of bit over the wheels to give the correct tip and relief angles. Even high speed drill bits can be sharpened by POWX1350. It also re-edges and re-points a whole range of small tools such as knives, scissors and plain edge chisels.

TECHNICAL SPECIFICATIONS POWX1350		Features	Box content	Symbols
Voltage	230-240V~ 50Hz	<ul style="list-style-type: none"> <li>• Knife sharpening slot</li> <li>• Scissors sharpening slot</li> <li>• Drill sharpening slot</li> <li>• Adjustable grinding angle from 15° - 50°</li> </ul>	1x multi-function sharpener	  <b>CHEMICAL SAFETY</b> ✓  
Power	96W S3 30%		1x manual	
Rotation speed	1350min <sup>-1</sup>			
Max. wheel diameter	56mm
