POWX1724S

SILENT COMPRESSOR 550W | 6L + 10pcs

Handle small chores or inflate a car tyre with relatively little noise? That's why Powerplus offers you this quiet compressor with induction motor that only produces 59dB. With a 105 l/min air debit, a pressure of 8 bar and a 6l tank capacity, you have a powerful machine at your disposal. You inflate tyres, air mattresses and balls and attach pneumatic devices as well, to perform smaller drilling projects.

The lightweight compressor is ideal for use on the move. As the compressor is oil-free, it doesn't require any lubrication or maintenance. The safety valve avoids overload. The Powerplus machine is delivered with 8 inflation adaptors and a tyre inflating gun.

**OIL
FREE**
