# ASH CLEANER 1500W

A cosy bonfire in your fireplace or an atmospheric barbecue with friends have one thing in common: the POWX312 as a useful tool to help you remove the ashes afterwards.

This ash cleaner has an integrated filter cleaning system. Through vibrations of the filter the dirt falls into the solid tank and you regain power to continue cleaning. No need to open the canister: the easy filter cleaning is triggered by a simple push on the button.

Thanks to the combination of a powerful 1500W engine and the high efficiency filter, this vacuum cleaner is not only ideal to remove cooled ashes or charcoal remains, but also fit to remove sawdust.

The POWX312 comes with a 20L-tank and a 2 meter hose with aluminium suction mouth.

The ash cleaner allows you to work in all liberty thanks to the 5 meter electric cable.

TECHNICAL SPECIFICATIONS <b>POWX312</b>		Features	Box content	Symbols
Rated voltage - Frequency	220-240V~ 50Hz	<ul style="list-style-type: none"> <li>• quick and easy to use</li> <li>• strong and durable tank</li> <li>• safe - does not exhaust particles into the air</li> <li>• ideal for cleaning up coals, cold ashes, sawdust...</li> <li>• high efficiency filter system</li> <li>• dirt level indicator</li> </ul>	1x ash cleaner
