**HOIST 1050W - POWX902**

This strong hoist is quick to set up in either a single or double line lifting application. When using the double cable and the load hook with pulley, you can benefit from a greater hoisting capacity. You can lift or lower a heavy load of 600kg over a distance of 6m. If the single cable is used, you can work with a load of 300kg over a great lifting distance of no less than 12m.

The cable is made of strong steel and the control box is equipped with an emergency stop, so you can work in all safety. Two hooks and fixation clamps are included.

TECHNICAL SPECIFICATIONS <b>POWX902</b>		Features	Box content	Symbols
Rated voltage	230V~ 50Hz	<ul style="list-style-type: none"> <li>• Steel cable 12m (Ø4,5mm)</li> </ul>	1x hoist	   
Rated power	1050W		1x load hook with pulley	
Lifting weight	300/600kg		1x manual	
Hoisting weight	12-6m			
Steel cable speed	8-4m/min			
Power cable	0,6m
