# HEDGE TRIMMER HAAGSCHAAR TAILLE-HAIE HECKENSCHERE CORTASETOS

With a maximum cutting length of 610mm and 750W power you smoothly trim medium-sized to large hedges. The laser cut double action blade of this Powerplus hedge trimmer trims branches up to no less than 24mm in diameter. Moreover the device is equipped with a rotatable handle with soft grip, as well as a second handle with safety switch. In other words, you are able to operate the machine with both hands. This makes your trimming job comfortable and ergonomic. You turn the device the way you want and trim your hedges smoothly and in the perfect angle.

Its mechanical brake system stops the double action blade quickly in time of need. For additional security, the POWXG20090 is also equipped with a protective cover, so you don't damage the knives when accidentally hitting the wall or ground. After trimming, you can safely store away the tool with the solid blade cover.

TECHNICAL SPECIFICATIONS POWXG20090		Features	Box content	Symbols
Rated voltage - frequency	230-240V~ 50Hz	<ul style="list-style-type: none"> <li>• Mechanical brake</li> <li>• Laser cut blade</li> <li>• Adjustable head</li> <li>• Rotatable handle</li> <li>• Double action blade</li> <li>• Protective shield</li> <li>• Front handle with safety switch</li> </ul>	1x hedge trimmer
