**4-STROKE**

POWXG50400

# LEAF BLOWER 26.5cc

This 4-stroke petrol leaf blower of Powerplus is a light and compact, yet powerful and very durable device. In no time it blows away all leaves at a max. air speed of 198km/h and you can enjoy an orderly garden again.

The POWXG50400 is an exceptional tool: its 4-stroke motor provides a longer lifespan than 2-stroke tools, since it gets lubricated apart from the combustion. You don't need to mix fuel yourself. No oil is added to the fuel, so the engine produces less pollution. As a consequence of the lower rotation speed produced by the durable leaf blower, the noise and vibration level are lower.

The Powerplus leaf blower has a 26.5cc cylinder capacity and a max. air volume of 11.5m<sup>3</sup>/min. You start the device easily and quickly thanks to its automatic choke. The control handle and safety trigger still add extra comfort and security.

TECHNICAL SPECIFICATIONS POWXG50400		Features	Box content	Symbols
Engine stroke type	4 stroke	<ul style="list-style-type: none"> <li>• Light &amp; compact</li> <li>• Easy start engine</li> <li>• Automatic choke</li> <li>• Primer bulb</li> <li>• Low fuel consumption</li> </ul>	1x leaf blower
