POWXG6251

LAWNMOWER 1600W | 380mm
GRASMAAIER
TONDEUSE À GAZON
RASENMÄHER
CORTACÉSPED

This electric lawnmower has a strong 1600W motor. It combines this great power with a sharp, durable blade and a cutting width of 380mm, what makes it perfect for small to medium-sized gardens. The POWXG6251 mows the lawn very easily, so you can enjoy a neatly trimmed smooth lawn.

Besides a perfect grass cut, this device offers you a 40 liter collect box to gather the grass, or you can mulch it to feed the soil. A warning system will let you know when the grass collector is full and ready to be emptied.

The cutting height can be set at 5 positions between 25 and 75mm, which gives you the opportunity to mow tall as well as short grass. Furthermore you can easily adjust in height the lawnmower with cable relief for an optimal working comfort.
