**HIGH PRESSURE CLEANER
HOGEDRUKREINIGER
NETTOYEUR HAUTE PRESSION
HOCHDRUCKREINIGER
HIDROLIMPIADORA**

This powerful 2500W high pressure cleaner is fit for heavy use. It has a strong, long-life induction motor that can deliver an impressive water flow up to 468 l/hour at a maximum pressure of 195bar.

The high pressure cleaner has an automatic start/stop system. This means that the motor only works when the gun is activated. The result is an easy-to-use cleaning system that at the same time will save a lot of energy and water.

The POWXG90425 is an all-rounder that can count on a large integrated detergent tank of 1200ml for use with soap or detergents. It also has a convenient 8m hose and a 5m electric cable. This provides a high flexibility and freedom of movement.

On top of that, the POWXG90425 comes with plenty of accessories. There is the metal gun with adjustable nozzle, a turbo nozzle, a patio cleaner, a lance extension and a 10m pipe cleaning set for clearing blockages in pipes, drains, etc. Each of them useful for a particular application. A quick connector allows a fast and secure connection of the different accessories.
