GARDEN PUMP POWXG9513

This 550W submersible pump is compact, lightweight and low maintenance. It can be used for removing clean water from ponds, water basins, flooded cellars, etc. The POWXG9513 can pump at a flow rate of 10.500l/h and leaves only 5mm of water behind.

The pump has a floating switch for automatically switching on and off. It can be submerged in up to 7m of water and delivers it at a maximum height of 7m. It has an ergonomic handle and comes with a 10m cable.
